

September 10, 2021

Dear Secondary Parents and Guardians,

Included with this letter you will find your child's progress report. It looks different from previous progress reports because TCS is no longer using iNOW. The new system is called PowerSchool Student Information System (PS-SIS). The report provides you with attendance data and an overall average in each of your child's classes.

By September 17, the school will distribute a letter with information on how families can log into the new system to view grades, schedule, and attendance information. That letter will include your unique login information and directions for activating your account.

TCS continues to use the Schoology Learning Management System for "online classrooms." This is the place where you can see information on assignments and learning resources. The grades you see in Schoology are grades on individual assignments or assessments, not a course average. If you created a Schoology Parent Portal account last year, it should still work. Schools have provided Schoology login information. Once you have our child's Schoology code, go to www.schoology.com and click Sign Up.

Thank you in advance for your patience as we implement this new system.

Sincerely,

James D. Pope, Ed.D.
Deputy Superintendent
Teaching & Learning
